After the dividends paid, the company must report in the next shareholders' meeting.

The Company has a dividend policy to pay dividends at a minimum rate of 40% of its net profits after tax (under the separate financial statements) and legal reserves. However, the Company may pay dividends at any rate lower than the policy, depending on its operations and expansion and other factors relating to the management of its business, as the Board and/or shareholders see fit.

However, the Company may re-appoint any auditors to resume his/her function only when the period of five consecutive accounting periods has elapsed since his/her last rotation.
